

Memorandum

TO: AFFILIATES & MEMBERS
FROM: MAREE TOMLIN – GAME DEVELOPMENT MANAGER
SUBJECT: LEVEL 2 COACHING COURSE
DATE: 1 MAY 2008

Touch Football Tasmania intends to commence a Level 2 Coaching Course in early June; however a minimum number of participants will be required in order for the course to go ahead.

Participants will be expected to complete the theory component of the course within an approximate 3 month period as well as attend a weekend practical session that is expected to be held in late October in conjunction with the School Sport Australia National Championships in Launceston.

There will be regular opportunities throughout the junior representative season for course participants to assist Senior State coaches with junior training and attend coaching forums.

Touch Football Tasmania offers the Level 2 Coaching course as part of its Technical Development program and as such covers the cost of the course for participants. Participants may be expected to travel for practical sessions and course completion, but will be given sufficient notice for such requirements.

Interested members must register their details with GDM Maree Tomlin by phone or email (details below).

Registration closes **Friday 16th May**.
